

P319

**Battery powered plastic strapping tool
for narrow strapping**

**Leightweight, ergonomic, well balanced
and one-hand operable tool for
multiple applications in all industries**

P319

Battery powered plastic strapping tools for narrow strapping applications

This tool extends the existing range of battery operated plastic strapping tools. It is compact, very light, with very good ergonomics, well balanced and easy to use. Mechanically this tool is based on the proven P324/P325 tools which means that it offers the same level of reliability and performance.

Advantages:

- Ergonomic design with small handle
- Simple one-hand operation
- Very light-weighted tool
- Well balanced
- Quick battery exchange
- Proven reliability
- Easy strap threading
- Tool welds without tension (strap repair)
- Tension force and sealing time adjustable

Characteristics

Strapping qualities:		PP & PET
Strapping dimensions:	widths	8.0 - 13.0 mm
	thicknesses	0.35 - 0.80 mm
Weight:		3.75 kg (including battery)
Dimension:		L355 x W122 x H128 mm
Average seal strength:		up to 75 % (dependent on strap quality)
Strap tension:		150 - 800 N (adjustable)
Tensioning speed:		150 - 300 mm/s
Power supply:	Battery	12VDC/2.4Ah NiCD
	Battery	12VDC/3.0Ah NiMH
Suspension bracket (optional)
