

# P330

**Battery powered plastic strapping tool  
for heavy strapping applications**

**Very powerful tool for strapping widths up to 25 mm/1"  
and with a high tension force up to 6000 N.  
Equipped with latest Li-Ion battery technology.**

# P330

## Battery powered plastic strapping tools for heavy strapping applications

This tool is the latest extension of battery operated plastic strapping tools. With its high tension force potential it is suitable for strapping widths up to 25 mm / 1" and can thus replace heavy steel strapping applications to generate major cost savings.

### Advantages:

- Exceptional tension force
- Ergonomic design with small handle
- Simple one-hand operation
- Well balanced
- Quick battery exchange
- Latest Li-Ion battery technology
- Easy strap threading
- Tool welds without tension (strap repair)
- Tension force and sealing time adjustable

### Characteristics

Strapping qualities:  
 Strapping dimensions: widths  
 thicknesses  
 Weight:  
 Dimension:  
 Average seal strength:  
 Strap tension:  
 Tensioning speed:  
 Power supply: Battery  
 Suspension bracket (optional)

### P330

PP & PET  
 19.0 - 25.0 mm / 3/4 - 1"  
 0.40 - 1.53 mm / .016 - .060"  
 5.7 kg / 12.6 lbs (including battery)  
 L395 x W137 x H143 mm / 14" x 5" x 5"  
 up to 75 % (dependent on strap quality)  
 1200 - 6000 N / 270 - 1350 lbs (adjustable)  
 70 - 87 mm/s / 2.8 - 3.4 inch/s  
 28VDC/3.0Ah Li-Ion

### Advantages of Lithium-Ion battery:

- No „memory effect“
- Maximum possible power with low weight
- Environmental friendly
- Operates well in low and high temperature environment
- High performance till end of charge
- Battery cell management and protection included
